Dear Friend,

The Greater Pittsburgh Police Emerald Society is a chapter of the National Conference of Law Enforcement Emerald Societies. Our objectives are to recognize and promote the contributions of our Irish heritage among Irish/American law enforcement officers. We further strive to enhance understanding and mutual co-operation between the public and law enforcement in an effort to provide safety to our citizens and reduce the impact of crime on our communities.

In November 2017 we will host the National Conference of Law Enforcement Emerald Societies. On behalf of the Greater Pittsburgh Police Emerald Society, this is a request for your support through monetary, product or in-kind service donations.

The Greater Pittsburgh Police Emerald Society's various events are an ideal opportunity for you and your company to promote your company and/or products. Our membership consists of various law enforcement officers all over Allegheny County and beyond. We would be proud to identify you and your company as supporters.

We appreciate your consideration and look forward to your participation.

Sincerely,

Joseph A. Smith
President
